

# THE SCORECARD

THE MONTHLY NEWSLETTER OF OCEAN PINES GOLF CLUB

VOLUME 3, ISSUE 2

MARCH 2017

## FROM THE DIRECTOR OF GOLF JOHN MALINOWSKI

Spring is almost here, and there are a great many changes around the golf course in addition to the arrival of a new season.

First, renovations to the clubhouse are moving along with a target completion date of April 1. New walls have been built and the last of the drywall is being installed. A new hallway running between the men's locker room and the Golf

Shop assumed the position of golf course superintendent. Andre spent many years working on the maintenance staff and has a long history with Ocean Pines. He's looking forward to continuing the improving conditions of the course.

As we gear up for the season, we'll gradually increase both our inside and outside staff. There will be many returning faces as well as

*The Tern Grille*

Shop has been created and will allow access to both bathrooms and upstairs without having to go through the Golf Shop. Floors are being leveled for tile and tile work has begun. The framework for the new bar in the Tern Grille is also in place, and you can already see how it will be able to accommodate many more people than before.

Another major addition to the golf course is the return of Andre Jordan, who has

some new additions.

The Ocean Pines Men's Golf Association and the Ocean Pines Ladies Golf Association will both begin their seasons in April. These groups meet for weekly play and are always happy to welcome new members. If you do not currently belong to either group, please contact OPMGA President Kevin Hughes at 412-216-4442 or OPLGA President Olga Novy at 410-641-5070 or novsnet33@gmail.com.

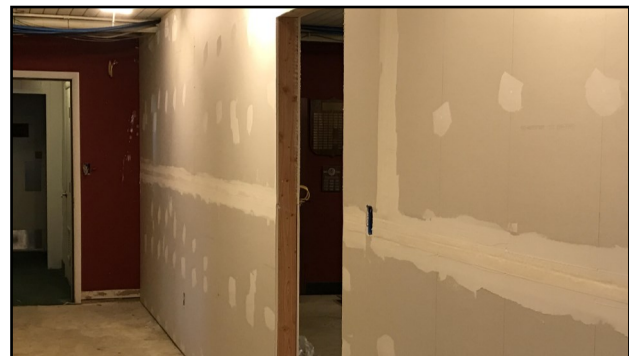

*The ladies' locker room*

You can also visit the OPLGA on Facebook—search for “Ocean Pines Ladies Golf Association.”

If you haven't checked out the Ocean Pines Golf app in a while (or if you haven't downloaded it yet), you'll notice an updated home screen. We also plan to utilize the app's live scoring feature in more tournaments this year. The app doesn't use any data, and you won't have to worry about draining your phone's battery with the USB charging ports in our new carts!

Finally, please be aware that the course will be aerated beginning Wednesday, March 8. The course will remain open during this process, which will probably take a couple of days to complete. If you come upon the maintenance crew while you're playing, please skip ahead to the next hole so they can continue their work.

I'm excited about being able to share more news with you next month and to seeing you all on the course!
